Subject: A healthy environment requires a healthy economy

I'm writing because I want to make sure you understand that maintaining a healthy environment necessarily requires maintaining a healthy economy. I want both and I know that we can have both.

The Willamette River is the lifeblood for Oregonians but it is also the home to many, many businesses and jobs on our working waterfront. The shipyards and docks have greatly contributed to defining who we are as a city, Port-Land.

Thank you for what you do for our environment. Please consider my thoughts and approve a plan that results in a clean Willamette without jeopardizing the jobs that depend on the river.

Sincerely,
